Services of New  
Jersey](#)

**ECS-NJ and the Diocese of New Jersey**, with the support of Diocesan Council, are providing grants up to **\$2500** per congregation for ministries and congregations that are currently serving or have the capacity to serve vulnerable communities that are facing safety concerns due to an increase in targeted fear and intimidation. Through this joint and mutual initiative, **ECS-NJ and the Diocese of New Jersey** seek to respond to current needs by helping to empower congregations to create secure and welcoming environments where individuals can access worship, food pantries, and other essential services with dignity and peace of mind.
